## Certification and Compliance

District School Board

of INDIAN RIVER County, Florida

September 8, 2016

The Honorable Pam Stewart  
Commissioner of Education  
State of Florida  
325 W. Gaines Street, Room 824  
Tallahassee, FL 32399-0400

Dear Commissioner:

I certify that the District Summary Budget for the fiscal year July 1, 2016 – June 30, 2017, as approved by the School Board on September 8, 2016, and recorded in the official minutes of the School Board is the official District Summary Budget and has been transmitted to the Department of Education as of September 11, 2016.

The District Summary Budget has been prepared in compliance with the program expenditure requirements as prescribed by Section 1010.20(3)(a), Florida Statutes.

During the budgetary process, consideration has been given to the District Aggregate Program Expenditure Requirements and all available data have been examined to determine compliance. Upon notification by the Commission of noncompliance during the prior year, we will review our district budget and make amendments necessary to meet legislative requirements.

**To the Citizens of Indian River County:**

In the State of Florida, School District Budgets are divided into five parts; Fund 100, Operating Budget; Fund 200, Debt Service; Fund 300, Capital Projects; Fund 400, Special Revenue; and Fund 700, Internal Service Funds.

Fund 100 is the section of the budget that is usually discussed at School Board meetings and workshops. It includes the salaries of teachers, administrators, bus drivers, secretaries, maintenance workers, and most other personnel in the system with the exception of cafeteria workers and federal grant personnel who are in Fund 400. Sixty seven percent of operating expenditures in 2016-2017 will be spent for salaries, benefits and substitute employee costs. This leaves thirty three cents out of every dollar to purchase supplies, equipment, gasoline, utilities and other materials that are necessary in the operation of the school system. Fund 100 is supported primarily from the Florida Education Finance Program (FEFP) which combines state and local funds to provide an equitable funding base for each student in Florida. The 2016-17 FEFP 2<sup>nd</sup> calculation shows an increase in total state and local funds of \$342 thousand dollars when compared to the 4<sup>th</sup> FEFP calculation for 2015-2016. In Indian River County, approximately 70% of the FEFP funds will be generated through local property tax.

The focus in General Operations this year is to continue to implement legislative changes made to §1012.22 Florida Statutes regarding Teacher Performance Pay and Salary Schedules, continuing to comply with the class size constitutional amendment, and to continue the various provisions of HB 5101 as it relates to the Lowest Performing 300 schools. The Board's policy is to maintain a minimum of 5% operating reserve in order to maintain a strong financial base, which is a minimal fund balance reserve that bond rating companies and auditing groups use to assess the district's financial solvency.

In Fund 200, Debt Service, the Board will continue to make principal and interest payments on outstanding Certificates of Participation and State School Bonds.

In Fund 300, Capital Projects, the budget plans for maintenance, renovations and improvements to school facilities throughout the district. In addition, the capital plan places a special emphasis on continuation funding for enhancing safety and security at our schools as well as funding for the expansion of Citrus Elementary School.

In Fund 400, Special Revenue, the lion's share of the budget consists of approximately \$5.1 million in Federal Title I grant funds as well as approximately \$4.2 million of Individual with Disabilities Act (IDEA) funds.

In Fund 700, Group Insurance, the focus will be on restoring reserves to sustainable levels and ultimately restore the fund to financial health.

The Board's number one goal is to achieve excellence in education for our students while maintaining sound and conservative business practices and maximizing the utilization of tax dollars.

Sincerely,

*Mark J. Rendell*

## FREQUENTLY ASKED QUESTIONS

### **What is a “Mill”?**

One mill of property tax would equate to paying \$1 for every \$1,000 of assessed property value. For every \$100,000, each mill will cost \$100.

### **What is Rolled Back Rate?**

The operational millage rate that the taxing agency would need to levy to generate the same dollars as the prior year without considering the added taxable value of new construction. Debt service millage is NOT considered in Rolled Back rates.

### **Will my individual tax bill go up if the millage is higher than Rolled Back Rate?**

Not necessarily. Property tax is determined first by the assessment value of the individual property, next by the millage rate. One property value may increase from year to year, while another will remain the same or decrease. Improvements to your property will also affect the assessed value and taxes to be paid. In addition, debt service millage decreases are not recognized in the rolled back rate calculation.

#### **School Board Tentative Budget Millage Rates:**

Millage rates are predicted to decrease by 6.85% as the advertised tentative millage rate is lower than the rolled back rate by 1.78%. The amount your taxes will change will depend on whether the value of your property increased or decreased on the tax notice.

### **What is the limit for taxable value increase on homestead property?**

Homestead property taxable value can not increase more than 3% per year as a result of Florida’s “Save our Homes” constitutional amendment. For the 2016/2017 tax year, the Property Appraiser’s Office has verified the cap on increased taxable value for homestead at 3%.

### **When will I be able to tell if my taxes are going up or down?**

The Property Appraiser will send an individual notice of proposed taxes to you in August. This notice is the only true measure of proposed taxes for your individual property. The School Board’s final budget hearing to set taxes will be announced on this notice. This allows you the opportunity to ask the School Board questions and give input prior to the final setting of the tax millage rates.

### **What are the tax categories that the School Board can levy?**

There are five separate tax rates. The School Board is bound by the limits set by the Florida Legislature in the first four categories and bound by voter referendum in the debt service category.

- 1) Required Local Effort, 2) Discretionary Operating 3) Additional voted millage as authorized via special referendum, which provides for continuation funding for teaching positions and to meet state mandate technological requirements. 4) Capital Outlay Tax is used for building improvements, and capital equipment. 5) Debt Service is used to retire voter approved bond issues to build schools.

2)

### **Why is the “Required Local Effort” tax REQUIRED?**

The Florida Legislature requires local tax participation in order to receive state funds for education. If a district fails to levy the required local effort millage rate, they can not receive state funding for the FEFP (Florida Education Finance Program). In Indian River, these state funds total \$42,963,126 for 2016-2017.

## FUND 200

### DEBT SERVICE BUDGET

This fund is used to retire the indebtedness of the school system which has been incurred for building and renovation construction projects and the acquisition of land for education and ancillary purposes. It is comparable to the mortgage payment in a homeowner's budget. Due to current obligations 51.5% of the funds available are derived from capital funds transfers, 4.7% are derived from general fund transfers and 2.5% are derived from the State Capital Outlay and Debt Service allocations. The District participates in the Federal Qualified School Construction Bond program which includes an estimated interest subsidy of approximately 6.4%. Less than 1% is derived from interest income on invested funds. The remaining 34.8% consists of a carryover fund balance restricted for debt service which includes a sinking fund account for future debt payments.

As of July 1, 2016, the total debt balance is \$117,940,493 as shown on the schedule below:

Description	Principal Balance
Certificates of Participation	\$81,695,000
Qualified School Construction Bonds	\$26,261,000
Less: Sinking Fund Balance	(7,191,031)
Net Certificates of Participation Balance	\$100,764,969
State Board of Education Bonds	\$4,320,000
Energy Efficiency contracting pursuant to FS 1013.23**	12,855,524
July 1, 2016 Outstanding Debt Balance	\$117,940,493

A portion of the capital outlay millage property tax, normally used for capital projects, has been reserved for annual payments due on Certificates of Participation (COPs). The District has four COPs with final payments due July 1, 2017 (2007 COP), July 1, 2025 (2014A and 2016B COPs) and July 1, 2027 (2016A COP). In addition, the District is obligated for a Qualified School Construction Bond (QSCB) with a maturity date of December 1, 2028. The QSCB is a federally subsidized bond with annual payments being placed in a sinking fund account with the District's trustee for a final payout at maturity.

During the 2016-2017 fiscal year, principal payments on state bonds will be \$356,000 and on COPs will be \$6,250,000. During the 2016-2017 fiscal year, an annual sinking fund payment will be due on the QSCB in the amount of \$1,167,370.

\*\*In 2015-2016 the District entered into two energy efficiency contracting agreements with Florida Power & Light Energy Services, Inc., (FP&L) and ConEdison Solutions, LLC with financing provided by TD Equipment Finance, to fund the purchase, acquisition and construction of energy saving capital improvements and equipment at four schools in the District. Energy savings in the general fund have been reserved for the annual payments due on these loans. During the 2016-2017 fiscal year, principal payments on the loans will be \$1,041,296. Pursuant to Florida Statute 1013.23 (3)(g) these contracts do not constitute a debt, liability or obligation of the District School Board. However, the District has elected to disclose these amounts as part of its long term debt portfolio.

# CAPITAL PROJECTS FUND

## **FUND 300**

### **Capital Projects**

---

Fund 300 of the budget reports the revenue and expenditures for construction and renovations of school buildings and grounds. Seventeen funds are included, each with a different funding source.

The Board generates the major portion of annual capital resources by levying Capital Outlay Taxes. By law, this tax millage is limited to 1.50 mills, as amended by the Legislature for fiscal year 2009-2010 and is currently set at the maximum.

Public Education Capital Outlay funds (PECO) are the primary source of State revenue for Capital Projects. The funds are derived from utility taxes and are allocated by the Legislature each year. The District's share of these funds for construction is based upon the District's pro-rata share of unmet capital outlay needs. PECO funds are also provided for renovation of facilities, which are the only PECO funds allocated to the District for fiscal year 2015-2016.

Capital Outlay and Debt Service funds, CO & DS, are provided from Motor Vehicle License tax.

Classrooms First funds were allocated by the 1998 Legislature to provide funding for classroom space. These funds are the result of bonding lottery proceeds at the State level. During the 2001-2002 fiscal year, Indian River School District entered into an inter-local agreement with Osceola County Schools and the State of Florida to bond Classroom First Funds. The state requirement for spending these funds on classrooms will be fulfilled by Osceola County. Osceola County will in turn transmit the same annual payments that would have been received from the state to the Indian River Schools. Those funds can be spent for any lawful purpose and are included in the General Operations portion of this budget for the 2016-2017 fiscal year.

School Construction Impact Fees were adopted in July 2005. Impact fees are appropriated when received.

The majority of Capital Outlay funds must be expended on projects in accordance with the State Board Regulations. These regulations require recommendation of a School Plant Survey which, by law, must be conducted at least every five years.

# SPECIAL REVENUE FUND

## **FUND 400**

### **Federal Projects & School Nutrition Program**

---

This section of the budget presents the funds the district receives from federal sources and School Lunch Program receipts. With the exception of entitlement grants, in order to receive federal funds, projects must be written and approved by the Board and the appropriate federal agency. State and Federal regulations prohibit districts from budgeting funds prior to receiving the funds, or state and federal approval of the project.

The Special Revenue Funds Budget represents the balance in those projects to be carried forward in addition to new grants that have been awarded. The budget will be amended as new projects are approved this fiscal year.

These projects must be carefully monitored to make certain all expenditures made are itemized in the approved project budget and occur within the stipulated time period. In Fund 400, approximately 69% of all expenditures are for salaries and benefits.

An approved Indirect Cost Rate is established each year based on the percentage of district indirect expenditures in the General Operating Fund for the preceding year. This percentage is applied to all expenditures (except capital outlay and direct classroom expenditures for professional services) in most projects and paid to the General Operating Fund monthly to offset overhead.

The School Food Service Program has \$11,716,239 available for program operations and a projection of how these funds will be spent to provide lunches and breakfasts to Indian River County students in 2016-2017.

Money and commodity foods are received from the Federal Government for student meals served both to paying students and to students eligible to receive a free or reduced price meal. The State of Florida also provides a supplement to the federal funds for meals served to free and reduced price meals recipients. Student lunch sales, a la carte food sales, beverage sales, and adult meals also provide revenue to the fund.

School lunch prices which remain unchanged are: \$2.25 for grades K-5, \$2.50 for grades 9-12, and \$3.25 for adults. Lunch prices for grades 6-8 increased from \$2.25 to \$2.50. Breakfast will cost \$1.25 for students and \$1.75 for adults. Students who qualify for reduced price meals will be charged \$0.40 for lunch and \$0.30 for breakfast. The costs vary for a la carte food and beverages served to students and for banquets and special events.

Expenditures in the school food service fund include labor and fringe benefits paid to the food service employees at both school and district level; for purchased food and non-food supplies and replacement of equipment used in the food service program.

# GROUP INSURANCE

## **FUND 700**

### **Insurance Trust**

---

This section of the budget was established in 1985, when the Board acted to establish a self-funded group health and life insurance program and participated in a consortium of six districts to share administrative costs. During 2002-2003, the Board withdrew its participation from the consortium for the medical plan. The District health coverage remains self-insured and is administered by Blue Cross Blue Shield of Florida.

Costs incurred by the Board include third party administrative fees, stop loss reinsurance, life and AD&D insurance and claim payments.

Funds are contributed to this Fund by assessment of premiums in the General Operating, Special Revenue and Enterprise Funds, and by employees and retirees.

Medical insurance premiums for insured full time employees are paid by the Board. Board contributions range from a cost of \$5,436 to \$5,868 per year for major medical. Life insurance and AD&D benefits are paid for by the Board at a rate of \$66 per year per employee.

# ENTERPRISE FUND

**FUND 900**  
**Enterprise Fund**  
**Extended Day Program**

---

To comply with generally accepted accounting principles, the operations of the District's before and after school childcare program, also known as the extended day program, are accounted for as an enterprise fund. An enterprise fund is defined as "a proprietary fund type used to report an activity for which a fee is charged to external users for goods and services". The extended day program charges fees for childcare to fund its operations. No property tax or Florida Education Finance Program (FEFP) revenues are receipted into this fund.

The extended day program operates a before and after day care program during the regular year at all elementary school sites. During the summer break, the program operates for a full day at limited sites.

# DEFINITIONS

## ***DEFINITIONS***

### **Ad Valorem Taxes**

Taxes that are levied against the just value of non-exempt property. Ad valorem taxes by the Florida Constitution are reserved for local governmental bodies.

### **Allocation Formulas**

District approved formulas for the allocation of personnel and school level discretionary budgets.

### **Appropriations**

That portion of the total budget that is planned for expenditure during the current fiscal year.

### **Base Student Allocation (BSA)**

The value of 1 FTE (student) in the state FEFP formula. The value in 2016-2017 of a base student is \$ 4,160.71

### **Beginning Balance**

Unexpended monies and current assets carried forward from the old school year to the next school year.

### **Capital Outlay Tax**

An assessment of property tax authorized by State Statute for the sole purpose of school capital outlay needs. Maximum allowed for 2016-2017 is 1.50 mills.

### **Categorical**

Specific allocations from the State in addition to the FEFP formula. These allocations must be spent for the purpose mandated by the State. Examples are Textbooks and Transportation.

### **Discretionary Tax**

An assessment of property tax authorized by State Statute for the purpose of supplementing the local school board operating budget.

### **Encumbrance**

A contract for the purchase of goods or services which have not yet been delivered. An encumbrance represents an obligation for a future expenditure of funds.

### **Ending Balance**

Unexpended monies and assets at the end of the school year. This school year's ending balance is next year's beginning balance.

### **Expenditures**

Monies disbursed by the school district for payment of debt obligations, such as, salaries, equipment, textbooks, materials and supplies, building construction and maintenance, etc.

### **FEFP Formula**

The FEFP (Florida Education Finance Program) formula can be separated into two steps. The first is the calculation of total FTE dollars and the second is the calculation and deduction of the required local effort.

FTE Dollars = Number of Weighted FTE x BSA x DCD - Required Local Effort.

BSA = Base Student Allocation. This amount of money is established by the Legislature each year and is the dollar basis for funding.

DCD = District Cost Differential. Cost of Living Index

### **FTE Student**

Full- Time Equivalent (FTE) Student. For students in grades 4 - 12, a full-time student is one receiving at least 25 contact hours of instruction per week. For students in grades K - 3, a full-time student is one receiving at least 20 contact hours of instruction per week. Adult students are not counted for FTE. (See Workforce Development.)

### **Function**

Function is a category of expenditures which describes the action or purpose for which a person or thing is used or exists. The functional areas of the Indian River County School District are classified into three broad areas: (1) Instruction, (2) Instructional Support and (3) General Support.

### **Fund**

A fund is an independent fiscal and accounting entity with its own assets, liabilities, reserves, and fund balances which are segregated for the purpose of carrying on specific activities of a school district in accordance with special regulations, restrictions or limitations. All money received, expended or reserved by a school system is classified and defined in this dimension.

### **Fund Balance**

Projected excess amount of total budget resources over the amount appropriated to expend in the current year. This is an estimated figure during the fiscal year which fluctuates depending on the accuracy of revenue and expenditure projections. When the year ends, this becomes the Ending Balance. Fund balance includes specific reserve funds.

### **Gross FEFP**

The amount generated from the FEFP formula and specific add on formulas decided by the Legislature. 2016-2017 Gross FEFP includes Additional State Allocations and Funding Adjustments. Add-ons in the Gross FEFP are not considered categoricals and may be spent at the discretion of the Board.

### **Growth Unit**

Vacant employee unit (average salary + benefits) budgeted to cover additional teachers and aides needed as a result of applying the personnel allocation formulas to actual enrollment up to the first FTE count in October.

### **Inventory Reserve**

Warehouse shelf inventory at year-end is considered a non-cash asset and becomes part of the Ending Balance. This reserve is set up to distinguish inventory from cash balances.

### **Just Value**

The monetary market value established by the property appraiser for all real and tangible properties within the district.

**Lapse Factor**

Labor savings due to the time lapse between the termination of an employee and the re-filling of the vacated position.

**Membership**

A student enrolled in his home school. For funding purposes, the student is in membership until he withdraws or at the close of his sixth consecutive absence. Funding is based on Full-Time Equivalent (FTE) students in membership during survey periods. Four surveys are conducted each year - July, October, February and June.

**Mill**

1/1000 of a dollar. One Mill of property tax represents paying \$1 per \$1,000 of assessed property.

**Object**

Object is a category of expenditures that describes the service or commodity obtained as a result of a specified expenditure. The Indian River County School District uses seven major categories for objects: (1) Salaries, (2) Employee Benefits, (3) Purchased Services, (4) Utilities, (5) Materials and Supplies, (6) Capital Outlay, and (7) Other Expenses.

**Program Category**

Program Category is a grouping of expenditures by instructional programs within the district. These are established by Florida Statutes and consist of 6 Basic Education Categories, 2 Exceptional Education Categories, 1 Vocational Education Category, and 1 Intensive English-ESOL Category.

**Required Local Effort**

Florida Statutes require a local effort equal to 4.562 mills in ad valorem taxes.

Required Local Effort = 96% x assessed value of non-exempt properties x .004562

FEFP amount = FTE dollars - required local effort.

**Reserve**

A specific designation of Fund Balance to identify future obligations.

**Revenue**

Monies received by the school district which are used to provide and operate a system of schools within the district. Sources of revenue are usually categorized into three types - federal, state and local.

**Weighted FTE Program**

Categories of students are weighted for funding. Weighted FTE represent the number of FTE students in a program category multiplied by the cost factor for that category. The State of Florida has established 10 categories for funding. Each category has a cost factor ranging from 1 to 5.376.

**Workforce Development**

The 1997-98 Legislature created a funding category for adult programs outside of the FEFP. Each district receives a set amount based upon past performance that rewards for the number of students that complete programs and job placements. The allocation for Indian River will be used to serve Adult Basic, Job Preparatory, Job Supplemental, and Adults with Disabilities courses.
